CAREER OBJECTIVE

Passionate Full Stack Developer, proficient in front-end and back-end technologies. Committed to crafting user-friendly applications and staying at the forefront of innovation. I am committed to delivering exceptional user experiences, while continuously refining my knowledge to stay at the forefront of cutting-edge technologies. Let's build exceptional solutions together.

CERTIFICATIONS

Full Stack Development Certification – Internshala (15-feb – 01-Nov)

PROJECTS

YouTube (Clone) - [Course Project]

- Created a replica of YouTube that allows users to post comments, see videos, create Channel and view Channel.

E-Commerce App - [University Project]

- Created an eCommerce website that allows sellers to showcase their products by posting pictures, adding descriptions, including rate tags, and also allows the users to compare similar products by different sellers.

Weather App – [Couse project]

- Integrated real-time weather data based on city search and user location.
- Displayed essential weather metrics, including temperature, humidity, wind speed, and general conditions.
- Designed a clean, mobile-friendly interface to ensure seamless user experience across devices.
